

BECOME A Sanctuary City FOR LIFE

3 STEPS TO End abortion

IT'S UP TO US

For far too long, we have relied on the national, secular centers of power—the Supreme Court and Congress—to end the injustice of abortion and fix America's moral crisis. It's time for the Church to bring the battle for life, marriage, and family back into faithful rural America. It's time to abolish abortion and build a culture of life in our own backyards.

WHAT IS A SANCTUARY CITY?

A sanctuary city is a community that declares itself a place of safety for pre-born children and their families, builds and strengthens Christian outreach, and ultimately, interposes on behalf of the pre-born, refusing to allow them to be killed.

WHY 3 STEPS?

This strategic approach promotes long-lasting growth, but even more importantly, it empowers the Church to reclaim charity and share the Gospel, which has inspired the political and cultural changes that are necessary to end the greatest injustices in history.

STEP
1

RESOLVE TO PROTECT

Make a broad, inspirational human rights declaration that recognizes the personhood of pre-born humans and the duty of the local jurisdiction to provide equal protection from conception to natural death, without exception.

STEP
2

ACTIVATE THE COMMUNITY

Educate the Church and the community on the personhood of the pre-born. Build a coalition of churches, businesses, pro-life ministries, and local government to engage in specific actions that create a culture of life and a groundswell to advance legal personhood at the state and national levels.

STEP
3

DEFY THE UNJUST LAW

Once your town has matured in its efforts to embrace a culture of life and is prepared for legal challenges, publicly and peacefully uphold the Biblical standard of justice by establishing local laws that ignore *Roe v. Wade* and all of its precedents.
